

AUNG THU HEIN OO

Senior Cloud & Infrastructure Engineer | Azure | GCP | FinOps | DevOps

aungthuheinoo1992@gmail.com • +95 995 505 5605 • linkedin.com/in/aungthuheinoo1992

PROFESSIONAL SUMMARY

Senior Cloud & Infrastructure Engineer with **8+ years of enterprise IT experience**, specializing in Microsoft Azure, Google Cloud, Kubernetes/AKS, cloud infrastructure, DevOps, FinOps, cloud security and production operations.

Experienced in delivering and supporting **mission-critical insurance applications and cloud platforms**, including Azure architecture, AKS, Azure SQL, API Management, cloud migration, disaster recovery, infrastructure modernization and application operations.

Demonstrated ability to combine technical engineering with measurable business outcomes, including **\$30K cloud-cost savings in 2024, \$33.2K in 2025 and a \$40K savings target for 2026**, while maintaining stable and resilient operation of critical enterprise applications.

Experienced in cross-functional collaboration, architecture review, technical delivery, operational resilience, cost optimization and cloud-platform leadership.

CORE COMPETENCIES

Cloud: Azure, GCP, AKS, Azure SQL, PaaS/IaaS, APIM, Cloud Architecture, Infrastructure Modernization

DevOps: GitHub Actions, Azure DevOps, CI/CD, Deployment Automation

FinOps: Cost Optimization, Analysis, Reporting, Resource Optimization

Reliability: Disaster Recovery, DR Drills, High Availability, Incident Response, SLA Management

Security: IAM, Vulnerability & Patch Management, Cloud Security

Containers: Kubernetes, Docker, AKS Public/Private Clusters

PROFESSIONAL EXPERIENCE

AIA Myanmar — Assistant Manager, Cloud & Infrastructure Engineer | Mar 2025 – Present

- Manage Azure infrastructure supporting enterprise insurance applications.
- Manage AKS, Azure SQL and other Azure PaaS/IaaS services.
- Achieved \$33.2K cloud cost-saving target in 2025.
- Delivered SuperApp and supported stable operation of AIA+, SuperApp, iPos, iAgent, CMS, COAST, IL, ETL and CRM.
- Delivered AKS public and private cluster migration in 2026.
- Set up infrastructure for Member Reward and Agentic AI for Underwriting and Claims; conduct architecture reviews.

AIA Myanmar — Senior Cloud & Infrastructure Engineer | Nov 2022 – Feb 2025

- Managed and optimized Azure infrastructure including AKS and Azure SQL.
- Delivered AIA+, CAT and AML projects in 2024.
- Achieved \$30K cloud cost-saving target in 2024.
- Delivered Azure APIM migration and supported production transition.
- Supported annual Disaster Recovery Drill, monitoring, troubleshooting and production readiness.
- Improved operational stability and supported enterprise security standards.

AIA Myanmar — Infrastructure & EUS Operations Engineer | Mar 2020 – Nov 2022

- Provided Tier 2/3 support for infrastructure, network and cloud environments.
- Supported Azure migration and infrastructure modernization.
- Improved operational processes and incident handling.
- Supported security operations, vulnerability management and incident response.

Koe Koe Tech — Cloud Operations Engineer | Jul 2019 – Feb 2020

- Managed cloud infrastructure and operational support.
- Supported directory services and data warehouse environments.
- Monitored system availability, performance and security events.
- Handled infrastructure incidents and troubleshooting.

Summit Parkview Hotel — IT Officer | Sep 2017 – Feb 2019

- Supported network, servers, endpoints and users.
- Managed IT vendors, SLA and asset inventory.
- Provided day-to-day IT infrastructure support.

CASE STUDIES & ACHIEVEMENTS

2024 \$30K cloud cost-saving target achieved; delivered AIA+, CAT and AML; completed Azure APIM migration and annual DR Drill.

2025 \$33.2K cloud cost-saving target achieved; delivered SuperApp; maintained stable operation of key enterprise applications.

2026 Delivered AKS public/private cluster migration, Member Reward and Agentic AI infrastructure; \$40K cloud cost-saving target.

EDUCATION

University of Computer Studies, Yangon — Bachelor of Computer Science (B.C.Sc)

CERTIFICATIONS

- FinOps Certified Engineer — FinOps Foundation
- FinOps Certified Practitioner — FinOps Foundation
- FinOps Certified FOCUS Analyst — FinOps Foundation
- Microsoft Certified: Azure Fundamentals

PROFESSIONAL STRENGTHS

- Cloud Operations • Infrastructure Management • Cost Optimization • Production Support • Troubleshooting • Team Collaboration
- Cloud Migration • Incident Management • FinOps

VALUE PROPOSITION

- Build reliable Azure infrastructure for mission-critical workloads.
- Translate engineering into financial outcomes (\$103.2K saved/targeted 2024–2026).
- Deliver cloud migrations and modernization (AKS, APIM).
- Maintain application reliability across insurance platforms.
- Support architecture reviews and emerging Agentic AI infrastructure.
- Ensure operational resilience via DR, monitoring, and incident response.
